

RESTAURANT AND FOOD GUIDE FOR THE 2018 PARADE AT LAKE OF THE OZARKS.

By Alan Krenzer, Osage Beach

Lake of The Ozarks according to a 2016 USA Today survey is the number one recreational lake in the US. The Lake has over 1,100 miles of shoreline and 92 miles end to end. It covers 61,000 acres and contains 617 billion gallons of fresh water.

Roughly 3.5 million tourists visit the Lake between Memorial Day to Labor Day. July is the busiest month at The Lake with 4th of July Holiday being the time when The Lake has the highest number of visitors. With Parade starting at the tail end of the 4th of July Holiday expect The Lake area restaurants to be very busy. Lake Restaurants are busiest Thursday through Sunday. Most restaurants do not take reservations in the summer months. Typical wait for a lake side restaurant on a busy day for a group eight or less is 30 to 45 minutes. If your group is larger than that tell the hostess you are open to splitting the group up, you will be seated faster doing this.

There are over 60 restaurants in the Tri County Lake area. In doing this guide I am listing the more popular ones. Some routes use the toll bridge which has a toll of \$3 each way. These locations can also be reached without using the toll bridge but the drive would be longer.

Heading to Camdenton High School for a Tour or Rally? Breakfast in Camdenton may be a good option. If you are doing Autocross Camdenton would be close option for lunch.

Check out the web sites for more information and menus for the different restaurants. Call ahead and see how busy they are before you head out.

The Lake has many unique restaurants. Enjoy as many as you can.
